AMERICAN FLYERS COMPLETE THIRD OF AROUND WORLD TRIP

Reach Rangoon, India,
Late Last Evening and
Plan To Resume Their
Journey Today.

GONE 11,000 MILES

Rangoon, India, June 21.—The
three American flyers, who
started their trip from New
York, today completed the
third of their 30,000 mile journey.

The Americans have completed
more than one third of their globe
circling trip, having travelled ap-
proximately 11,000 miles since leaving
New York on March 17. While
flying down the Chinese coast they
flew in a straight line, over-
coming the rugged shape of the world.

Plans to complete the first half
of the trip, within the next week
and the second half, within the next
month, are being discussed.

Bad weather prevailed here during
the night. Later it cleared. The
Americans plan to leave for Canton
today, and then for Shanghai, enroute
to Japan. They were tired upon ar-
rival, but a good night's sleep re-
freshed them.

Commander A. Stuart Mac-
donald, of the British naval air force,
who is accompanying the world
trip, has been held up at
Shanghai by machine trouble, sent word
to arrive in Rangoon this
evening to greet the Americans.

MURDER OF WEALTHY SOCIALIST TRACED HOME TO FASCIST

Prisoner Suspect Con-
fesses He Carried Out
Orders of Leaders In
Killing Matteotti.

PREMIER TO REPLY

Rome, July 21 (INS).—One of the
prisoners arrested in connection with
the kidnapping and killing of socialist
Deputy Giacomo Matteotti, has con-
fessed the murder, declaring it had
been ordered by Signor Rossi, a for-
mer member of the Mussolini govern-
ment, Giovanni Marinelli, a former
member of the Fascist "directory,"
and by Filippo Fillippelli, former
editor of the Corriere D'Italiano, the
most influential Fascist newspaper in
Rome, according to an announcement
by police today.

This confession, police said, had
been made by Dumini a Fascist and
one of the score of prisoners under
arrest in Rome and elsewhere.

The King's prosecutor is changing
the charge against Dumini from kid-
naping and "conspiracy to deprive
Matteotti of his liberty" to murder.

According to Messaggero, ex-chief
of police Debono remained an intimate
friend of Dumini after the
crime and provided false passports
for Fillippelli so he could leave Italy.
Indications today were that the
crime would soon be cleared up, the
prisoners consigned to trial and
all details of the affair given the
public.

The trial of the men who conspired
and brought about the kidnapping and
killing of the wealthy Socialist
Deputy promises to be the most sensa-
tional ever held in Italy.

Premier Mussolini is striving to
restore public confidence and to place
the government upon the secure pedes-
tal it occupied before Matteotti was
killed. He has summoned a special
cabinet council meeting Monday when
the members will discuss speeches the
Premier is to make later in Par-
liament.

According to present plans the
Premier will make long, detailed state-
ments to the Senate Tuesday and an-
other to the Chamber of Deputies
Wednesday, setting forth the Govern-
ment's position, and the measures
it contemplates in regard to the Mat-
teotti affair.

CYRUS E. WOODS HAS A DESIRE TO BECOME GOVERNOR OF STATE

Pittsburgh, June 21.—Cyrus E.
Woods, of Greensburg, who has served
as ambassador to Japan for several
years, reached his home yesterday.
Mr. Woods has announced that he
proposes to retire and will take
part in the Republican campaign this
fall.

According to Pittsburgh friends of
the ambassador, his appearance in the
presidential campaign will mark the
opening of a movement to make him
the next governor of Pennsylvania. It
is said he has the backing of a pow-
erful group of Republican leaders and
they will endeavor to round out his
political career by placing him in the
chief executive of Penn-
sylvania.

Ambassador Woods was born in
Clearfield, September 3, 1861. He was
educated in Lafayette College and
was admitted to the Westmoreland
county bar in 1890. He became active
in politics and in 1900 was elected to
the state senate. He was re-elected to
this position in 1904 and served as
president pro tem of the senate in the
extra session of 1906 and the regular
session of 1907.

Later Mr. Woods entered the diplo-
matic service. Prior to his appoint-
ment as ambassador to Japan he served
as ambassador to Spain. For many
years he has been supported by Re-
publican leaders of the state and it is
understood they now have agreed up-
on his selection for the gubernatorial
nomination in 1926.

Mrs. F. L. Kennard and two chil-
dren, Lois and Raymond, are visiting
Mrs. Kennard's mother, Mrs. Walter
Buxley in Philadelphia.

Communism Propaganda Spread In Phila. Schools

Philadelphia, June 21. (INS).—
Agents of the Department of Justice
of the federal government were here
today investigating the spreading of
propaganda of communism in the pub-
lic schools of the city.

Doctrines and theories of the com-
munist belief have been thrown into
the hands and minds of hundreds of
school children, according to United
States District Attorney George W.
Coles and officers in charge of the citi-
zens military training camps.

The matter first came to the atten-
tion of authorities when 19 students
of the South Philadelphia high school
who had identified their intention of
attending one of the camps, withdrew
their names. Special investigators
were sent to the school to find out the
reason and a copy of what govern-
ment officials know as a "sacred
prayer" was found in one desk. Copies
of this were also distributed in the
public schools at Baltimore, according
to Major C. S. Little, assistant to Col.
Huntington, in charge of promotion
work for the camps here.

United States Attorney Coles said
that agents are working on the theory
that the literature was circulated by
the students themselves, who received
it from their parents.

While the investigation is centering
around South High School, it is known
that the propaganda has been distrib-
uted in other schools of the city.

THAT 'TOM THUMB WEDDING'

The marriage of the midgits or the
'Tom Thumb Wedding' which will be
given at the Presbyterian Church on
Tuesday evening, June 24th, at 7:30
o'clock, is said to be the funniest
show of the season and has a guaran-
teed displacement of 100 laughs in 100
minutes, with a few dozen extras
thrown in.

Over 75 dainty, pretty little chil-
dren, between the ages of three and
ten years, will participate and those
who have been privileged to witness
the rehearsals say it is both a
scream of mirth and a real cyclone of
fun.

Clearfield is noted for its wealth of
healthy, pretty kiddies. Don't fail to
attend this "wedding" and look this
bunch of innocence and beauty over.

The four bachelor friends of the
groom will look you over with the
critical eyes that have looked on world
events for as many as from three to
five years, while the ages of those
making up the wedding party may
total 20 or 25 years if they get enough
of them.

But, honestly, this evening of fun
will be well worth attending. Don't
miss it.

Three Special Trains For Hagenbeck-Wallace

Many residents of Clearfield are ar-
ranging parties and planning to be at
the N. Y. C. railroad depot, when the
three special trains bearing the para-
phernalia and animals of the Carl
Hagenbeck-Wallace Circus arrives
here early Sunday morning for exhi-
bition Monday afternoon and night.
This is one of the most interesting
of all incidents on circus and in all of
the cities where the Hagenbeck circus
has exhibited this year, thousands
have witnessed the arrival and un-
loading.

One must be a spectator at the un-
loading of these numerous cars to re-
alize the bigness and size of the Ha-
genbeck show, as the amount of para-
phernalia carried is almost unbelieve-
able. Every car on the three sections
is loaded from top to bottom, and the
townspeople scarcely believe that the
trains could move, with all the ton-
nage carried.

Much skill and system is necessary
in the loading and packing of the cars.
Every animal cage, every wagon,
every trunk, every tent, and every
piece of material must be placed in
its exact location. To have an article
vary one, or two inches requires the
reloading of the car, it is said. Every
workman has his exact duty to per-
form. There must be no delays.

The exhibitions here will be given
on the circus grounds at Sixth and
Nichols Sts. and for the convenience
of the public a downtown ticket office
will be open all day at Stewart's Drug
Store, where reserved seats can be
obtained at the same price as charged
on the grounds. The street parade is
announced for 11:00 a. m. and it is
a rule with the Hagenbeck manage-
ment to be exactly on the minute.

Tired Rotarians Are Home Once More

A tired bunch of Rotarians, with
furred and coated tongues, and accom-
panied by their wives, rolled into the
B. & P. station in their Pullman
cars this morning glad to get home
after nearly a week's strenuous ex-
cursion into the wilds of Canada. The
wilds were given the once over in
passing. The time, and a good time
they say it was, being spent at the
International Rotary convention at
Toronto, with its continual round of
entertainment and pleasure.

The Clearfield delegation were ex-
tremely well pleased with Toronto and
the manner in which they were re-
ceived and treated—the number of
times—while there.

ALUMNI BANQUET HAPPY OCCASION

The Clearfield High School alumni
banquet held at the High School
Thursday evening was attended by
nearly 400 members of the Alumni
Association. It proved to be a highly
enjoyable occasion.

The welcome to the class of 1924
was given by President John M. Chase
3d, the response on behalf of the class
being made by Kurtz.

Talks were given by W. A. Hagerty
class of '76; Mrs. S. W. McLaren,
class of '82; President A. D. Bigler of
the School Board; Supt. G. E. Zerfoss,
Prof. Van Austin, and others.

The business session disclosed a
healthy financial state and the obliga-
tion to the Athletic Association was
"chalked off."

Through the ingenuity and clever-
ness of the entertainment committee
"The Tragedy of King Henry VIII,"
revised and produced by Mr. A. D.
Bigler, was presented to a very en-
thusiastic audience, the characters be-
ing portrayed by the members of the
High School alumni. The cast follows:
King Henry VIII, Samuel Powell;
Duke of Buckingham, Thomas Wallace;
Cardinal Wolsey, William A. Boag;
Ardishio pCramer, John Chase;
Herald of the Court, Way Powell;
Queen Catherine, Marion Roseberry;
Anne Boleyn, William P. Brown;
Margaret Jane Overly.

Patience (Lady in Waiting to Anne
and nurse to Elizabeth)
Anne Connolly Flanagan;
Little Princess Elizabeth
John H. Fulford;
Court Dancer, C. L. Torrence;
Stage manager, Mrs. Wayne Fluck;
property manager, Way Powell, and
costumes by Mrs. Howard Schurig.

Following the entertainment, King
Henry invited the entire assemblage
to his banquet hall in the gym, where
a repast was served by the Ladies Aid
Society of the Trinity M. E. Church
and their assistants. The tables were
very tastefully decorated with red
rosettes and black paper, while over-
head were strung the red and black
banners representing the graduating
classes from 1876 to 1924.

Following officers were nomi-
nated to guide the destinies of the Associa-
tion during the coming year:

President, John M. Chase, 3d; vice
president, Mrs. W. E. Fluck; secre-
tary, Miss Laura Fulford; treasurer,
William E. Brown; historian, Mrs.
Leo Flanagan; athletic director, Ray-
mond Wallace; members of the coun-
cil, Miss Carrie Powell, Howard Stew-
art.

McADOO AND SMITH KILLING EACH OTHER OFF EXPERTS AGREE

Fight Between the Two
Leaders Is So Bitter It
Now Looks As Though
Neither Can Win.

DAVIS LOOMING UP

By GEORGE R. HOLMES
I. N. S. Staff Correspondent
New York, June 21.—William G.
McAdoo and Gov. Al Smith the two
leading contenders for the Democra-
tic Presidential nomination, appeared
today to be killing each other off with a
neatness and dispatch that brought
joy to the supporters of every dark
horse in the Democratic stable.

The fighting between these two ri-
val camps has become so intense and
the feeling so bitter that today—
three full days before the opening of
the convention in the Garden—found
odds being freely offered about the
hotel lobbies that, neither man will
be able to command the two thirds
necessary to choice.

In the Smith camp there has been
formed within the last few days a
"Battalion of death" sufficiently
strong and sufficiently powerful to
stand out indefinitely against Mc-
Adoo's nomination. Its ranks can-
not be broken, according to its lead-
ers. The center squad of this bat-
talion in New York, with its 90 votes
as solid as Coogan's bluff. The right
flank is commanded by "George" E.
Brennan, the grinning "boss" of Il-
linois; the left wing is under the con-
trol of Joseph Guffey, of Pennsylv-
ania. They have counted noses and
are satisfied with the total.

Not to be outdone, the McAdoo
camp, according to its leaders, also
has formed its little "battalion of
death," the sole purpose of which is
to prevent the nomination of the New
York Governor. Its component parts
are Texas, Georgia, Florida and Cal-
ifornia and states from west of the
Mississippi, sufficient in number to
stop Smith from ever attaining the
732 votes required.

If their lines hold—and leaders
in both camps assure inquirers that
they will hold—then the door is left
wide open for the galloping dark
horse.

"He may not even have to gallop; a
trot will bring him in," ruefully com-
mented one veteran, who was an old
hand at every first convention in '96.

In no every convention where Demo-
crats gather, there stalks the name
of John W. Davis of West Virginia.
It was discussed nonchalantly the
first of the week when the leaders be-
gan to arrive in New York. Slowly
it has become serious, until today the
West Virginian loomed up as the out-
cast bear out the predictions and
standing contender should the form
private fears of the leaders.

So strong has become the Davis
boom that informally his loyal boost-
ers are beginning to pick running
mates for him. The newest one in
Mayor William E. Dever, of Chicago,
a newcomer in national politics, but
none the less an imposing figure,
with the advantage of having the
powerful support of Brennan.

The insistence with which the reli-
gious and prohibition issues have
been injected into this McAdoo-Smith
fight is largely responsible for the
Dever talk, and also for the specula-
tion concerning Senator Thomas J.
Walsh of Montana, as a vice presi-
dential candidate.

If Governor Smith is turned down
here, it is argued by some many of his
friends and Catholics quite generally
will attribute a Catholic as running
mate for whatever Protestant is nomi-
nated. Mayor Dever is a Catholic
as is Senator Walsh.

Dever is personally inclined toward
modification of the Volstead law, but
as Mayor of one of the "wettest"
cities in the country, he has enforced
prohibition in Chicago in a man-
ner which has brought public commenda-
tion, from no less dry than Wayne
B. Wheeler and Roy A. Haynes.

This ticket of Davis and Dever will
be watched. By its friends it is
described as an "ideal combination"
and they are seeing to it that incom-

LEGION'S BIG FOURTH CELEBRATION TO BE VERY FINEST EVER

That Is the Claim of the
John Shade Post After
Six Months of Busiest
Preparation.

TWO DAYS OF FUN

The Clearfield American Legion
Post has been working for the past
six months on what they believe will
be the best 4th of July celebration
in Pennsylvania. The celebration
will come two days, July 3rd and 4th
and nothing has been spared in get-
ting the best attractions. People have
attended the Legion's celebrations in
the past and know they got exactly
what the boys advertise and the fact
that they have been hustling to make
this years celebration their biggest
event insures all who go of some
real entertainment.

Races, thru each day which will
equal any in this section will attract
many as \$2500.00 is the purse to be
given and each heat will be a race.
Already horses are at the training
park in Clearfield preparing for the
event. Baseball, an official C. and C.
game each day will give the fans a
chance to root for their favorites.

Expansion, extraordinary attrac-
tions will delight those who like spec-
tacular thrilling acts. May Collins,
the Distinctive Mermaid will do an
55 foot Sensational Dive into a 4 foot
tank of water and also gives an ex-
hibition of fancy diving. France and
La Pall will delight the crowd with
their daring air frolics. These acts
will take place in the afternoon and
evenings of each day.

Extreme care has been taken in the
contracting for fireworks and the at-
tractions booked for display on the
nights of July 3rd and 4th are guaran-
teed and will be the best display
ever shown in Clearfield. A \$500.00
display will be put off each night by
experienced representatives of the
company.

Following the custom of former
years the boys are putting on an in-
dustrial and Military Parade. Al-
ready more floats than in previous
years is assured and those who have
witnessed this annual parade can
imagine what a success it will be this
year and the beauty of the floats. An
effort is being made to have all ex-
service men of Clearfield county in
uniform to form the military division
which will be led by the 700 strong
Clearfield Post. A re-union of the
veterans of all wars will be held on
July 4th between 8 a. m. and 10 a. m.
This is always a popular event with
the ex-service men and their friends
—many of them meeting for the first
time in years. All ex-service men in
uniform are given free admission to
the park.

The best bands in this section have
been engaged for concert and parade
and music lovers will get their fill.
For those who want to dance you
will find good music and a good floor
during the afternoons and evenings.
Geo. L. Dobyns Shows with eight
riding devices and thirteen good
shows at the Clearfield Driving Park
all week of the 3rd and 4th and help
entertain the crowds.

A Nash five passenger Sedan will
be given to some patron of this years
celebration.

14-YEAR-OLD BOY DROWNED

Leroy Askins, 14-year-old son of
Milton Askins, of Luzerne, Indiana
county, was drowned at 1:00 o'clock
Friday afternoon in the Mahoning
creek, north of the East End bridge
in the rear of the Gutelius garage
at Punxsutawney.

The boy with two others, was on a
raft and fell into the creek. He was
unable to swim and the efforts of
his companions to save him were un-
availing. The body was found at 1:30
and all efforts to resuscitate him
proved vain. He was visiting his
aunt, Mrs. Floyd Fetterman, of East
End Punx.

Miriam Shively, Eleanor Shively,
Imelda Milligan, Alice Beckman, and
Louise Reed are camping at the Dun-
lap reunion grounds.

BUILDS PLATFORM

McAdoo And Smith

(Continued From Page One.)

ing delegates are informed of its advantages—Davis, a Wilson Democrat, who has never been identified with any of the bitter factions of the party—Davis a coming figure in National politics who hails from a state that most Democrats would "give their eye teeth" to capture in November.

The aloofness with which Davis has kept clear of the McAdoo-Smith row and his general air of detachment from the heated atmosphere of New York at present constitute his great strength. He has many friends and few if any active enemies.

His most formidable rival among the dark horses, is, by common consent, Senator Samuel M. Ralston of Indiana, who is watching the course of Democracy here from his farm in Indiana.

The Ralston talk, which has eddied and swam about the hotel lobbies all week, took on new vigor today with the arrival of Thomas Taggart of Indiana.

The Indiana leader who frequently "played with" the New York—Indiana-Pennsylvania leadership, promptly denied that he was a part of any "battalion of death."

"I'm not against anybody" said the wily Hoosier. "I'm for Ralston. I have entered into no compacts or deals; and I am committed to no one except Senator Ralston."

Guffey was just as explicit. "I'm for Governor Smith," he declared emphatically. "So is Pennsylvania."

New York, June 21.—The first big issue which the Democratic convention must meet and settle and which in large measure will decide the complexion of the Democratic plan, is the K. K. K. George Brennan of Chicago warned today.

"We must decide whether it is a Klan convention or whether it is not," he said, "this will be a floor fight. It doesn't make much difference what the committee on resolutions decides in its report."

"I am for straight denunciation of the Klan and against all religious or race discrimination."

"This is a basic principle. The platform should declare for the prin-

ciples upon which this government was founded." William L. O'Connell, McAdoo leader, does not seem to attach as much importance to the Klan problem as does Brennan, but he said "there would be some kind of a Klan plank."

"There is a lot of bunk about this Klan discussion," he added, "seven eighths of it is bunk for political purposes."

Both Illinois leaders seemed inclined to ignore the league of nations as a platform issue. O'Connell said he saw little chance of the Wilson League idea being taken up. Brennan is known to be thoroughly opposed to any entrance into European politics.

There is little change in the Presidential line up, Brennan said. He declared Governor Smith would be nominated and refused to consider anything in the line of second choices or dark horses.

Neither Brennan nor O'Connell seemed to think there was much likelihood of the two thirds rule being abrogated. O'Connell said the McAdoo campaign was developing so favorably that he regarded McAdoo's nomination as certain.

CHAIRMAN BUTLER TO TELL IT TO "CAL"

Washington, June 21 (INS).—William M. Butler, chairman of the Republican National Committee, about whom has revolved all the factional fighting in the Republican party since the Cleveland Convention, arrived here today for a conference with President Coolidge.

Not only will the President receive from Butler a report on the convention, but tentative plans will be gone over for the campaign.

MRS. YOUNG ENTHUSIASTIC

Cannot Praise Lydia E. Pinkham's Vegetable Compound Enough. Sick Women Read This Letter

Charleston, S. C.—"I was completely run-down and not able to do my household work. I just dragged myself around and did not have energy enough to get up when I sat down. I read advertisements of Lydia E. Pinkham's Vegetable Compound in your books and learned about it. I got benefit from the very first bottle. I continued to take it for some time, and now I am doing all my own work, even washing and ironing, and never felt better in my life. I tell all my friends that the change in my health is due to but one thing and that is Lydia E. Pinkham's Vegetable Compound. I cannot praise it enough."—Mrs. ANNIE YOUNG, 16 Amherst St., Charleston, S. C.

The reason for such a letter from Mrs. Young is apparent. She got well and is grateful. Recently a nation-wide canvass of women purchasers of Lydia E. Pinkham's Vegetable Compound was made, and 98 out of 100 reported that they received benefit from taking it. Just because the Vegetable Compound has been helping other women is a good reason why it should help you. For sale by druggists everywhere.

FIVE DEATHS TOLL OF FRESH STORMS

Chicago, June 21.—Five deaths and property loss totalling more than \$1,000,000 today were toll of the fresh storms which quenched the sizzling heat waves.

The storms which focused in the Great Lakes region resulted from the meeting of two climatic extremes, an unusually severe hot wave from the southwest and an unusually cold wave from the northwest.

Texas, Oklahoma and other southwestern states had sweltered under 80 to 110 degrees for a week, at the same time, low temperatures ruled in Iowa, Nebraska, Minn., Wisconsin, Michigan, Indiana and Ohio.

Two lost their lives in a tornado which struck near Dickinson, North Dakota, when the extremes met. Telephone and telegraph lines were blown down and heavy property damage was claimed by the storm.

Another storm swept Winnebago and Ogle counties, Illinois. There was

no loss of life, but property damage of \$1,000,000 was wreaked.

Winds, taking heavy toll between Chicago and Milwaukee. A cloud-

burst swept near Racine, Wis. A flood electrifying a little girl

by lightning when he sought shelter from the storm in a tree at the Jack-

son Park Golf course. In Chicago another was drowned at one of the bathing beaches.

This Country Drinks More Milk As the Value of Milk Becomes Known

Investigations just completed and the results published show that during the year 1923 the consumption of milk per capita in this country increased four gallons. During 1922 each and every person drank on an average of fifty gallons of milk. During 1923 this was increased to fifty-four gallons.

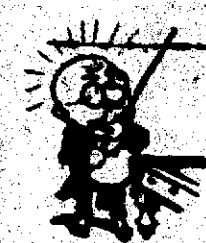

What is the result? We are showing thru the same research bodies that the lives of children are being saved; that the lives of adults are being prolonged and freed from many forms of disease; that the so-called "white plague" is being conquered.

What milk has done as a corrective food, it will do as a preventative food. Copious amount of milk in any person's diet will build up a resistance to disease that no other common food will do.

Drink more milk—drink it with your meals, drink it between meals.

Sunday School Lesson

Rev. F. E. FETTER, D.D., Teacher
of the Bible in the Sunday School
(C. 1924, Western Newspaper Union)

Lesson for June 22
REVIVAL UNDER EZRA AND NE-
HEMIAH

LESSON TEXT—Neh. 8:1-18; 12:1-4;
31-33.
GOLDEN TEXT—"Return unto me, and I will return unto you, saith the Lord of hosts."—Mal. 3:7.
PRIMARY TOPIC—Learning from God's Word.
INTERMEDIATE AND SENIOR TOPIC—The Value of Bible Study.
YOUNG PEOPLE AND ADULT TOPIC—The Bible in the Life of a Nation.

The lesson committee has designated this as a revival, but it was more than a revival. It was a revival of the quickening of God's spirit to induce men, especially a whole nation, to turn to God from their sins. This is a fine illustration of the right place of God's word in the life of a nation.

1. The Word of God Being Read (Neh. 8:1-3).
The people gathered themselves together and spake unto Ezra to bring the book of the law. The people with yearning hearts requested the reading of God's Word.

2. A Representative Assembly (Neh. 8:4-12). It was made up of men, women and children. The men did not leave the spiritual affairs to the women, neither were the children left at home. So eager were they to know God's Word that they did not get tired, although the lessons lasted for five or six hours. Their ears were attentive from morning until midday.

3. The People's Attitude Toward God's Word (Neh. 8:13-18).
1. Reverence Shown God's Word (vv. 1, 5). When Ezra opened the Law, all the people stood up out of respect for God's Word.

2. They Joined Heartily in the Prayer. As Ezra led them in prayer they joined heartily in saying, "Amen, Amen," bowing their faces to the ground.

3. God's Word Being Interpreted (Neh. 8:7, 8).
The attitude of the people toward God's Word later depends upon the minister.

1. He Stood Up Where the People Could See Him (v. 5).
2. He Read Distinctly (v. 8). Much Bible reading is greatly to the discredit of the Word and the reader.
3. Caused the People to Understand the Reading (v. 8). The supreme business of the minister and teacher is to make the Word of God so plain that all—old and young—can understand.

IV. The Effect of Applying God's Word to National Life (Neh. 8:19-18).
1. Conviction of Sin (v. 9). The Word of God is quick and powerful (Heb. 4:12). It brings conviction of sin (Acts 2:37). God's method of convicting men of sin is to have His Word applied by the Holy Ghost.

2. Weeping Turned Into Joy (vv. 10-12). When sins have been perceived and confessed God would not have His children to be sad. Continued mourning will not atone for the sins that are past. It multiplies one for present tasks and dishonors a pardoning God.

3. They Shared Their Blessings With Others (vv. 10-12). True joy manifests itself in giving to others.
4. The People Obeyed (vv. 13-18). In their acquaintance with the Scriptures they found that the Feast of the Tabernacles had been long neglected. They went to work and kept this sacred feast in a way that it had not been kept since the days of Joshua (v. 17).

5. Separation From the Ungodly (Neh. 13:1-3). As soon as they had heard the Word of God, they separated themselves from the mixed multitude.

6. House of Worship Was Cleaned and Order Restored (Neh. 13:4-11). No nation can be strong which neglects its worship of the true God.

7. Restoration of the Sabbath (Neh. 13:15-22). Israel had long violated the Sabbath. Unnumbered evils follow in the wake of Sabbath desecration. To ignore the essential law of the Sabbath is national suicide.

8. Restoration of God's Law of Marriage (Neh. 13:23-31). When those who had intermarried with the heathen were brought face to face with their sin, they separated themselves from their ungodly companions, because they could not have God's favor while living in disobedience to His Word.

PENSIONS FOR WORKLESS DON'T WORK

Unemployment pensions, or "doles" as the British call them, look reasonable in theory. An industrial society that, through its own awkwardness of operation, throws thousands of people out of employment and renders them penniless through no fault of their own, certainly owes them relief. They serve the industrial society as a whole; society should carry them over somehow until the economic tangle is straightened out. If for no other reason, human workers should be fed and housed when there is no work for them, as horses are.

Yet in practice the plan is found full of evil. England's great experiment has cost her more than a billion dollars since the armistice, and is now costing her a million a day. And that is said to be the least cost. The trouble is that the unemployment pension pauperizes so many pensioners. Thousands of workers seem content with merely enough to subsist on, and do not see why they should work at all when they can live without working. At the present time there is said to be a considerable demand for workers, and little response. The drain of "doles" continues and grows, and statesmen as well as taxpayers are worried.

Here is a serious problem, which sooner or later every industrial nation will have to face. Unemployment pensions are often agitated in America. What shall be done about it? Evidently some way will have to be found to distinguish the sheep from the goats—the self-respecting victims of enforced idleness from the shiftless hangers-on.

Perhaps the final solution will be to provide public work at moderate but sustaining wages, in times of depression, instead of pensioning them, and refuse aid to able-bodied workers who will not work.

ODDS AND ENDS AND THINGS

Enough ribbons are made daily in the United States to encircle the globe 29 times with some to spare, according to the National Foreign Trade Council. Many materials go into ribbons besides silk, cotton and wool. Horsehair, wood pulp, rubber and vegetable fibers are used in many ribbons, not to mention gold, silver and magnesium threads, which are woven into some.

Does it pay to advertise in The Progress? We'll say "she do." So will the clerical force at County Treasurer Rumberger's office. Thursday evening we gave a little publicity to the state officer in this section all week rounding up dog owners who had failed to get their poor dog a license tag. The article stated that a round up of all delinquent dog owners in Clearfield would be made Saturday morning. They read the Progress, by heck. You should have seen the line-up at the County Treasurer's office Friday morning. They began to arrive at 7 o'clock and when the office opened around 8 a. m., the hall was filled with men, women and boys all demanding that they be allowed to purchase a tag for Fido and by so doing save the \$8.50 fine and costs and incidentally poor Fido's life. The records show a total issue of 210 dog licenses for the day, and the last day for getting a dog license for 1924 was Jan. 15th.

District Delegate John F. Short and at least two dozen of the "untermen" will be Clearfield's contribution to the national convention at New York which opens Tuesday.

LOVE AND WORK

By FLORENCE DAVIES

Trick definitions of the things that count most in life are seldom satisfactory.

Almost always they sacrifice the whole truth of brevity.

But just the same, every attempt to simplify and clarify our ideas about the business of living has its certain value. Each time we try to reduce our problems to the simplest possible terms, we do gain a little in clear thinking.

Mary Alden Hopkins, in a current magazine, gives us just two important things to think about—love and work.

"The two fundamentals of healthy living are the preservation of life and the preservation of the race," she says "work and love-making."

She proves her point in a way, too, for she tells the story of numerous foreign peasants who come to our shores and defy a good many of the accepted rules of conduct, but who in spite of everything prosper.

When a New England farmer yields to lax ways and indulges too freely in drink, the farm shows it. The roof gets leaky and the fences sag.

Now with the Slavic farmer. Even if he permits himself two indiscretions of getting drunk, his work never suffers.

"The peasant," this writer says, "does not sin against work."

How many of us are there who have

that enviable record—that we do not sin against work?

Almost always when you hear some one envying another his success and declaring that it is only chance which has brought one good fortune and the other meager rewards, you will find that there is a record of solid, ceaseless work back of the man who has finally conquered.

I know a woman who writes not so much better than the rest of us, who speaks in public very well, but not a great deal better than a half dozen women that either you or I could name, who helps to edit a magazine without knowing vastly more than a dozen small town women's page editors, but who counts her income in the tens of thousands.

And I know a dozen women who are inclined to question this woman's success, and to grudge her a little of it, thinking that they, too, could have done as much. But the part of the story that's been left out is that this woman works, works, works, all the time.

She writes on Pullmans and in hotels, uses a stray hour here and an afternoon there to add a chapter to her next book, sits up far into the night, editing copy, or composing a book or getting an address ready for her next lecture tour.

She does not sin against work. And with not a great deal more talent than hundreds of others she reaps a reward that hundreds envy.

Success isn't all luck, nor is it all genius. A lot of it, a very great deal of it, is work.

BROWNSVILLE HAS DISASTROUS BLAZE

Brownsville, Pa., June 21 (INS.)—Fire caused by an explosion in a small residence in South Browns-ville today spread to other buildings destroying seven residences and four business houses with a total loss estimated at \$110,000.

Nearby residents said they had heard the screams of a woman just

before the blast, but police were unable to find any trace of her in the ruins. The blaze was believed to have been incendiary and evidence was found to indicate that a fire bomb had been set off in the house where the fire started. The family in this house had been away for three days.

School Children's Coloring Contest--224 Prizes

\$170 in Cash 160 Theatre Tickets--10 Each Week

IT IS EASY TO WIN--THERE ARE 14 PRIZES EACH WEEK

Little Artists, here is a page that will interest you. It offers an opportunity to show your ability and to use your artistic "knack" to win prizes. It's lots of fun, and there is money in it, besides.

Color the Advertisements on This Page the Way They Ought to Be

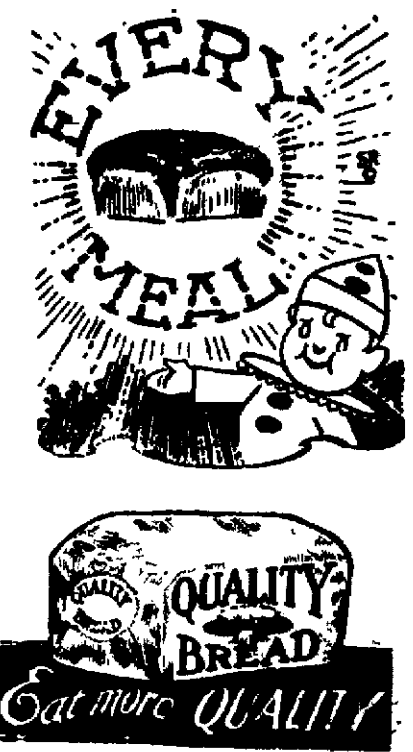

Prizes will be awarded each week to those who reproduce the colors of all the original labels, packages, trade-marks or designs on this page most carefully, faithfully and neatly. The designs which are black and white reproductions of original labels, packages, trade-marks and designs, are to be colored in the most artistic manner and judging will be done on this basis, together with the neatness of the work. The coloring may be done either in water colors or crayons. This contest is open to school children everywhere. PRIZES WILL BE AWARDED EACH WEEK AS FOLLOWS:
FIRST PRIZE, \$5.00; SECOND PRIZE, \$3.00; THIRD PRIZE, \$1.00; FOURTH PRIZE, \$1.00.
The next ten in order of merit will receive a ticket to the Liberty theatre for Saturday afternoon.
This contest will run for 10 weeks. At the close an additional prize of \$10.00 will be awarded the child turning in the best page during this period.
IMPORTANT! All designs on this page must be colored and the entire page sent in. Where original labels and

trade marks appear, prizes will be awarded for the efforts that are nearest like the originals.

All the merchandise bearing labels and trade-marks appearing on this page can be purchased in the stores you patronize. They are all high-class products in daily use in all families. You are familiar with most of them; if there are any you cannot color from memory, procure one of the packages and enter the contest. After you have colored the entire page, mail it to the "School Children's Contest," Clearfield Progress. All efforts must be in the Progress office on or before 6 p. m. the first Tuesday after the page is published. The week's prize winners will be announced the following Friday.

ASK YOUR PARENTS AND OLDER BROTHERS AND SISTERS TO HELP YOU. START TODAY.
You can have a jolly good time at it, improve your drawing ability and surely win one of the 224 prizes to be given for the work.

PERSONAL

A painter can make all White Lead paint, but every gallon costs the Property Owner more than L. & M. Seal-Paint to White Lead and Costly White Zinc Paint when it is made ready to use at a cost of only \$2.08 a gallon. It covers 25 per cent more surface and wears one-third longer. Use a gallon, and if not perfectly satisfactory it will cost you nothing. Order from your dealer.

Storm Follows Heat

Wave At Cleveland

Cleveland, June 21 (INS.)--Marking the break of Cleveland's first heat wave of the year, eight persons were in hospitals today from injuries suffered in a terrific storm which broke over the city last night, bringing relief from the torrid weather that had prevailed for two days.

The heat wave, according to figures compiled today, took a total toll of seven dead in the city suburbs.

Miners' Bargain Accepting Wage Cut

Madisonville, Ky., June 19.—Striking miners of the St. Bernard Coal Company at Earlington, acting thru a committee, signed an agreement with company officials accepting a 20 per cent wage reduction late yesterday.

The agreement, covering one year, was signed in conference with President Frank D. Raab, of the St. Bernard company, after the miners adopted a resolution withdrawing from the United Mine Workers of America. Formation of an employees' mutual benefit association also was authorized at the mass meeting. About 2,000 men are affected.

Central City, Ky., June 19.—Reports from Madisonville and Earlington that union miners of the district signed an agreement to return to work at a 20 per cent wage reduction are without foundation, Lonnie Jackson, president of district No. 23, United Mine Workers, declared today.

WOMAN BRUTALLY INJURED

Pennsylvania, June 21.—Mrs. Foster Lightcap, of Madisonville, received a frightful injury on the right arm on Monday when she was struck by a flying piece of a dynamite stump. Johnson, Drake and Fryer who have the contract for building the Indiana Home section of Route 66, were putting in a big supply line on land just below the Lightcap home, and were blasting a stump in the way of the siding being put in. Mrs. Lightcap was on her way from the house to the barn when the charge of dynamite exploded, and a 12 pound piece of the stump which was thrown high in the air struck her on the right arm, its descent, tearing a terrible gash that took 21 stitches to close up. Dr. G. M. Smith, of Plumville, dressed the injury, but it was feared the ragged tear with dirt from the missile may cause trouble in healing. Warning was not given until after the fuse had been lighted, and Mrs. Lightcap did not have time to reach cover.

Philadelphia—Petitions asking the dismantling of thirteen breweries in this vicinity will be heard by Judge Dickinson in the United States District court here next week.

AGED WOMAN DIES

Mrs. Little Hagaman died Thursday, June 19, 1924, at the home of her nephew, H. C. McElvaine, aged 88 years, 10 months and 27 days. She was a member of the Methodist Church since eleven years of age. A short service was held at the McElvaine home on Friday morning by Rev. Houser. The body was shipped to Yorkville, Ill., for burial, accompanied by her nephew, H. C. McElvaine. The funeral service will be held Sunday afternoon in the Methodist Church, where she was a member for many years.

Revolutionary Results Told By Walter P. Chrysler

Revolutionary riding and driving results have come rapidly during the past year in the development of both the Chrysler and the Maxwell.

They are the fruit of an experience which bridges 20 years and the manufacture of some 2,000,000 cars.

During recent months, with participation of the Chrysler engineering staff, this experience has culminated sharply in refinements of the most important character, which set the good Maxwell above and beyond four-cylinder cars as you have always known them.

The great crying demand of the motoring public today is for removal of vibration and consequently greater ease of riding and driving.

And the good Maxwell now answers that demand in a way no four-cylinder car has ever done before.

Owners are now averaging 18,000 miles and more to a set of tires; better than 22 miles per gallon; grinding valves, setting up tappets and removing carbon only at long intervals; main bearings rarely if ever replaced.

Our assurance—my personal assurance, without reservation—is that the good Maxwell is the car to satisfy you on all counts; and that it will satisfy you if you give it the chance.

AMERICAN FLYERS COMPLETE THIRD OF AROUND WORLD TRIP

Reach Rangoon, India,
Late Last Evening and
Plan To Resume Their
Journey Today.

GONE 11,000 MILES

Rangoon, India, June 21.—The three American flyers, who made the world's first circumnavigation of the globe, arrived here late Friday night, having traveled approximately 11,000 miles since leaving New York on March 17.

The Americans have completed more than one third of their globe circling flight, having traveled approximately 11,000 miles since leaving New York on March 17. While flying over the Chinese coast they encountered a straight line, owing to the rugged shape of the shore, which they had to follow.

Bad weather prevailed here during the night. Later it cleared. The three American flyers plan to resume their journey for Europe, en route to London, where they were tired upon arrival. They had a good night's sleep and are feeling well.

High Commander A. Stuart Macdonald, of the British naval air force, is accompanying a round-the-world flight, but who has been held up at Shanghai by machine trouble, sent word to arrive in Rangoon this morning to greet the Americans.

MURDER OF WEALTHY SOCIALIST TRACED HOME TO FASCIST

Prisoner Suspect Con-
fesses He Carried Out
Orders of Leaders In
Killing Matteotti.

PREMIER TO REPLY

Rome, July 21 (INS).—One of the prisoners arrested in connection with the kidnapping and killing of socialist Deputy Giacomo Matteotti, has confessed the murder, declaring it had been ordered by Signor Rossi, a former member of the Mussolini government, Giovanni Marinelli, a former member of the Fascist "directory," and by Filippo Filippelli, former editor of the Corriere D'Italiano, the most influential Fascist newspaper in Rome, according to an announcement by police today.

This confession, police said, had been made by Dumini a Fascist and one of the score of prisoners under arrest in Rome and elsewhere.

The King's prosecutor is changing the charge against Dumini from kidnapping and "conspiracy to deprive Matteotti of his liberty" to murder.

According to Messaggero, ex-chief of police Debono remained an intimate friend of Dumini after the crime and provided false passports for Filippelli so he could leave Italy. Indications today were that the crime would soon be cleared up, the guilty conspirators placed on trial and all details of the affair given the police.

The trial of the men who conspired and brought about the kidnapping and killing of the "wealthy Socialist" Deputy promises to be the most sensational ever held in Italy.

Premier Mussolini is striving to restore public confidence and to place the government upon the secure pedestal it occupied before Matteotti was slain. He has summoned a special cabinet council meeting Monday when the members will discuss speeches the Premier is to make later in Parliament.

According to present plans the Premier will make long, detailed statements to the Senate Tuesday and another to the Chamber of Deputies Wednesday, setting forth the Government's position, and the measures it contemplates in regard to the Matteotti affair.

CYRUS E. WOODS HAS A DESIRE TO BECOME GOVERNOR OF STATE

Pittsburgh, June 21.—Cyrus E. Woods, of Greensburg, who has served as ambassador to Japan for several years, reached his home yesterday. Mr. Woods has announced that he proposes to retire and will take part in the Republican campaign this fall.

According to Pittsburgh friends of the ambassador, his appearance in the presidential campaign will mark the opening of a movement to make him the next governor of Pennsylvania. It is said he has the backing of a powerful group of Republican leaders and they will endeavor to round out his political career by placing him in the White House.

Ambassador Woods was born in Clearfield, September 3, 1881. He was educated in Lafayette College and was admitted to the Westmoreland county bar in 1890. He became active in politics and in 1900 was elected to the state senate. He was re-elected to this position in 1904 and served as president pro tem of the senate in the extra session of 1906 and the regular session of 1907.

Later Mr. Woods entered the diplomatic service. Prior to his appointment as ambassador to Japan he served as ambassador to Spain. For many years he has been supported by Republican leaders of the state and it is understood they now have agreed upon his selection for the gubernatorial nomination in 1926.

Mrs. F. L. Kennard and two children, Lois and Raymond, are visiting Mrs. Kennard's mother, Mrs. Walter Buxley in Philadelphia.

THE BIG BOSSES, WHO PROBABLY WILL HAVE A LOT TO DO AS THE YET TOGETHER IN SELECTING THE PRESIDENTIAL NOMINEE.

Communism Propaganda Spread In Phila. Schools

Philadelphia, June 21. (INS).—Agents of the Department of Justice of the federal government were here today investigating the spreading of propaganda of communism in the public schools of the city.

Doctrines and theories of the communist belief have been thrown into the hands and minds of hundreds of school children, according to United States District Attorney George W. Coles and officers in charge of the citizens military training camps.

The matter first came to the attention of authorities when 19 students of the South Philadelphia high school who had identified their intention of attending one of the camps, withdrew their names. Special investigators were sent to the school to find out the reason and a copy of what government officials know as a "sticker" prayer was found in one desk. Copies of this were also distributed in the public schools at Baltimore, according to Major C. S. Little, assistant to Col. Huntington, in charge of promotion work for the camps here.

United States Attorney Coles said that agents are working on the theory that the literature was circulated by the students themselves, who received it from their parents.

While the investigation is centering around South High School, it is known that the propaganda has been distributed in other schools of the city.

THAT 'TOM THUMB WEDDING'

The marriage of the midgits or the "Tom Thumb Wedding" which will be given at the Presbyterian Church on Tuesday evening, June 24th, at 7:30 o'clock, is said to be the funniest show of the season and has a guaranteed displacement of 100 laughs in 100 minutes, with a few dozen extras thrown in.

Over 75 dainty, pretty little children, between the ages of three and ten years, will participate and those who have been privileged to witness the rehearsals say it is both a scream of mirth and a real cyclone of fun.

Clearfield is noted for its wealth of healthy, pretty kiddies. Don't fail to attend this "wedding" and look this bunch of innocence and beauty over.

The four bachelor friends of the groom will look you over with the critical eyes that have looked on world events for as many as from three to five years, while the ages of those making up the wedding party may total 20 or 25 years if they get enough of them.

But, honestly, this evening of fun will be well worth attending. Don't miss it.

Three Special Trains For Hagenbeck-Wallace

Many residents of Clearfield are arranging parties and planning to be at the N. Y. C. railroad depot, when the three special trains bearing the paraphernalia and animals of the Carl Hagenbeck-Wallace Circus arrives here early Sunday morning for exhibition Monday afternoon and night.

This is one of the most interesting of all incidents on circus and in all of the cities where the Hagenbeck circus has exhibited this year, thousands have witnessed the arrival and unloading.

One must be a spectator at the unloading of these numerous cars to realize the bigness and size of the Hagenbeck show, as the amount of paraphernalia carried is almost unbelievable. Every car on the three sections is loaded from top to bottom, and the townspeople scarcely believe that the trains could move, with all the tonnage carried.

Much skill and system is necessary in the loading and packing of the cars. Every animal cage, every wagon, every trunk, every tent, and every piece of material must be placed in its exact location. To have an article vary one, or two inches requires the reloading of the car, it is said. Every workman has his exact duty to perform and it must be done like clock work. There must be no delays.

The exhibitions here will be given on the circus grounds at Sixth and Nichols Sts. and for the convenience of the public a downtown ticket office will be open all day at Stewart's Drug Store, where reserved seats can be obtained at the same price as charged on the grounds. The street parade is announced for 11:00 a. m. and it is a rule with the Hagenbeck management to be exactly on the minute.

Tired Rotarians Are Home Once More

A tired bunch of Rotarians, with furred and coated tongues, and accompanied by their wives, rolled into the B. & P. station in their Pullman cars this morning glad to get home after nearly a week's strenuous excursion into the wilds of Canada. The wilds were given the once over in passing. The time, and a good time they say it was, being spent at the International Rotary convention at Toronto, with its carnival round of entertainment and pleasure.

The Clearfield delegation were extremely well pleased with Toronto and the manner in which they were received and treated—the number of times—while there.

ALUMNI BANQUET HAPPY OCCASION

The Clearfield High School alumni banquet held at the High School Thursday evening was attended by nearly 400 members of the Alumni Association. It proved to be a highly enjoyable occasion.

The welcome to the class of 1924 was given by President Joan M. Chase, the response on behalf of the class being made by Kurtz.

Talks were given by W. A. Hagerly, class of '26; Mrs. S. W. McLaren, class of '22; President A. D. Bigler of the School Board; Supt. G. E. Zerfoss, Prof. Van Austin, and others.

The business session disclosed a healthy financial state and the obligation to the Athletic Association was "chalked off."

Through the ingenuity and cleverness of the entertainment committee "The Tragedy of King Henry VIII," revised and produced by Mr. A. D. Bigler, was presented to a very enthusiastic audience, the characters being portrayed by the members of the High School alumni. The cast follows:

King Henry VIII..... Samuel Powell
Duke of Buckingham Thomas Wallace
Cardinal Wolsey..... William A. Bong
Archbishop of Canterbury John Chase
Herald of the Court..... Way Powell
Chief Musician to King Thomas Betts
Queen Catherine..... Marion Roseberry
Anne Boleyn..... William P. Brown
Little Mary (daughter of Katherine) Margaret Jane Overly
Patience (Lady in Waiting to Anne and nurse to Elizabeth) Anne Connolly Flanagan
Little Princess Elizabeth

Court Dancer..... C. L. Torrence
Stage manager, Mrs. Wayne Fluck; property manager, Way Powell, and costumes by Mrs. Howard Schurig.

Following the entertainment, King Henry invited the entire assembly to his banquet hall in the gym, where a repast was served by the Ladies Aid Society of the Trinity M. E. Church and their assistants. The tables were very tastefully decorated with red velvet and black paper, while over the heads were strung the red and black pennants representing the graduating classes from 1876 to 1924.

Following officers were named to guide the destinies of the Association during the coming year:

President, John M. Chase, 3d; vice-president, Mrs. W. E. Fluck; secretary, Miss Laura Fulford; treasurer, William E. Brown; historian, Mrs. Leo Flanagan; athletic director, Raymond Wallace; members of the council, Miss Carrie Powell, Howard Stewart.

McADOO AND SMITH KILLING EACH OTHER OFF EXPERTS AGREE

Fight Between the Two
Leaders Is So Bitter It
Now Looks As Though
Neither Can Win.

DAVIS LOOMING UP

By GEORGE R. HOLMES
I. N. S. Staff Correspondent
New York, June 21.—William G. McAdoo and Gov. Al Smith the two leading contenders for the Democratic Presidential nomination, appeared today to be killing each other off with a neatness and dispatch that brought joy to the supporters of every dark horse in the Democratic stable.

The fighting between these two rival camps has become so intense and the feeling so bitter that today—three full days before the opening of the convention in the Garden—found odds being freely offered about the hotel lobbies that neither man will be able to command the two thirds necessary to choice.

In the Smith camp there has been formed within the last few days a "Battalion of death" sufficiently strong and sufficiently powerful to stand out indefinitely against McAdoo's nomination. Its ranks cannot be broken, according to its leaders. The center squad of this battalion in New York, with its 90 votes as solid as Coogan's bluff. The right flank is commanded by George E. Brennan, the grinning "boss" of Illinois; the left wing is under the control of Joseph Guffey, of Pennsylvania. They have counted noses and are satisfied with the total.

Not to be outdone, the McAdoo camp, according to its leaders, also has formed its little "battalion of death," the sole purpose of which is to prevent the nomination of the New York Governor. Its component parts are Texas, Georgia, Florida and California and states from west of the Mississippi, sufficient in number to stop Smith from ever attaining the 732 votes required.

If their lines hold—and leaders in both camps assure inquirers that they will hold—then the door is left wide open for the galloping dark horse.

"He may not even have to gallop; a trot will bring him in," ruefully commented one veteran, who was an old hand at Bryan's first convention in '96.

In every convention where Democrats gather, there stalks the name of John W. Davis of West Virginia. It was discussed nonchalantly the first of the week when the leaders began to arrive in New York. Slowly it has become serious, until today the West Virginian loomed up as the outstanding bear out the predictions and standing contender should the form private fears of the leaders.

So strong has become the Davis boom that informally his loyal boosters are beginning to pick running mates for him. The newest one in Mayor William E. Dever, of Chicago, a newcomer in national politics, but none the less an imposing figure, with the advantage of having the powerful support of Brennan.

The insistence with which the religious and prohibition issues have been injected into this McAdoo-Smith fight is largely responsible for the Dever talk, and also for the speculation concerning Senator Thomas J. Walsh of Montana, as a vice presidential candidate.

If Governor Smith is turned down here, it is argued by some, many of his friends and Catholics quite generally will attribute a Catholic as running mate for whatever Protestant is nominated. Mayor Dever is a Catholic as is Senator Walsh.

Dever is personally inclined toward modification of the Volstead law, but as Mayor of one of the "wettest" cities in the country, he has enforced prohibition in Chicago in a manner which has brought public commendation from no less drys than Wayne B. Wheeler and Roy A. Haynes.

This ticket of Davis and Dever will bear watching. By its friends it is described as an "ideal combination" and they are seeing to it that it becomes a fact.

LEGION'S BIG FOURTH CELEBRATION TO BE VERY FINEST EVER

That Is the Claim of the
John Shade Post After
Six Months of Busiest
Preparation.

TWO DAYS OF FUN

The Clearfield American Legion Post has been working for the past six months on what they believe will be the best 4th of July celebration in Pennsylvania. The celebration will come two days, July 3rd and 4th and nothing has been spared in getting the best attractions. People have attended the Legion's celebrations in the past and know they got exactly what they have been hustling to make this years celebration their biggest event insures all who go of some real entertainment.

Races, thru each day which will equal any in this section will attract many as \$2500.00 is the purse to be given and each heat will be a race. Already horses are at the driving park in Clearfield preparing for the event. Baseball, an official C. and C. game each day will give the fans a chance to root for their favorites.

Expansion, extraordinary attractions will delight those who like spectacular thrilling acts. May Collins, the Distinguished Mermaid will do an 65 foot Sensational Dive into a 4 foot tank of water and also gives an exhibition of fancy diving. France and La Poll will delight the crowd with their daring air frolics. These acts will take place in the afternoon and evenings of each day.

Extreme care has been taken in the contracting for fireworks and the attractions booked for display on the nights of July 3rd and 4th are guaranteed and will be the best display ever shown in Clearfield. A \$500.00 display will be put off each night by experienced representatives of the company.

Following the custom of former years the boys are putting on an Industrial and Military Parade. Already more floats than in previous years is assured and those who have witnessed this annual parade can imagine what a success it will be this year and the beauty of the floats. An effort is being made to have all ex-service men of Clearfield county in uniform to form the military division which will be led by the 700 strong Clearfield Post. A re-union of the veterans of all wars will be held on July 4th between 8 a. m. and 10 a. m. This is always a popular event with the ex-service men and their friends—many of them meeting for the first time in years. All ex-service men in uniform are given free admission to the park.

The best bands in this section have been engaged for concert and parade and music lovers will get their fill. For those who want to dance you will find good music and a good floor during the afternoons and evenings.

Geo. L. Dobyns Shows with eight riding devices and thirteen good shows at the Clearfield Driving Park all week of the 3rd and 4th and help entertain the crowds.

A Nash five passenger Sedan will be given to some patron of this years Celebration.

14-YEAR-OLD BOY DROWNED

Leroy Askins, 14-year-old son of Milton Askins, of Luzerne, Indiana county, was drowned at 1:00 o'clock Friday afternoon in the Mahoning creek, north of the East End bridge in the rear of the Gutelius garage at Punxsutawney.

The boy with two others, was on a raft and fell into the creek. He was unable to swim and the efforts of his companions to save him were unavailing. The body was found at 1:30 and all efforts to resuscitate him proved vain. He was visiting his aunt, Mrs. Floyd Petterman, of East End Punxsutawney.

Miriam Shively, Eleanor Shively, Imelda Mulligan, Alice Beckman, and Louise Reed are camping at the Dunlap reunion grounds.

BUILDS PLATFORM

McAdoo And Smith

(Continued From Page One.)

big delegates are informed of its advantages—Davis, a Wilson Democrat, who has never been identified with any of the bitter factions of the party—Davis a coming figure in National politics who hails from a state that most Democrats would "give their eye teeth" to capture in November.

The aloofness with which Davis has kept clear of the McAdoo-Smith row and his general air of detachment from the heated atmosphere of New York at present constitute his great strength. He has many friends and few if any active enemies.

His most formidable rival among the dark horses, is, by common consent, Senator Samuel M. Ralston of Indiana, who is watching the course of Democracy here from his farm in Indiana.

The Ralston talk, which has eddied and swam about the hotel lobbies all week, took on new vigor today with the arrival of Thomas Taggart of Indiana.

The Indiana leader who frequently "played with" the New York—Illinois-Pennsylvania leadership, promptly denied that he was a part of any "battalion of death."

"I'm not against anybody" said the wily Hoosier. "I'm for Ralston. I have entered into no compacts or deals; and I am committed to no one except Senator Ralston."

Guffey was just as explicit. "I'm for Governor Smith," he declared emphatically. "So is Pennsylvania."

New York, June 21.—The first big issue which the Democratic convention must meet and settle and which in large measure will decide the complexion of the Democratic plan, is the K. K. K. George Brennan of Chicago warned today.

"We must decide whether it is a Klan convention or whether it is not," he said, "this will be a floor fight. It doesn't make much difference what the committee on resolutions decides in its report."

"I am for straight denunciation of the Klan and against all religious or race discrimination."

"This is a basic principle. The platform should declare for the prin-

ciples upon which this government was founded." William L. O'Connell, McAdoo leader, does not seem to attach as much importance to the Klan problem as does Brennan, but he said there would be some kind of a Klan plank.

"There is a lot of bunk about this Klan discussion," he added, "seven eighths of it is bunk for political purposes."

Both Illinois leaders seemed inclined to ignore the league of nations as a platform issue. O'Connell said he saw little chance of the Wilson League idea being taken up. Brennan is known to be thoroughly opposed to any entrance into European politics.

There is little change in the Presidential line up, Brennan said. He declared Governor Smith would be nominated and refused to consider anything in the line of second choices or dark horses.

Neither Brennan nor O'Connell seemed to think there was much likelihood of the two thirds rule being abrogated. O'Connell said the McAdoo campaign was developing so favorably that he regarded McAdoo's nomination as certain.

CHAIRMAN BUTLER TO TELL IT TO "CAL"

Washington, June 21 (INS.)—William M. Butler, chairman of the Republican National Committee, about whom has revolved all the factional fighting in the Republican party since the Cleveland Convention, arrived here today for a conference with President Coolidge.

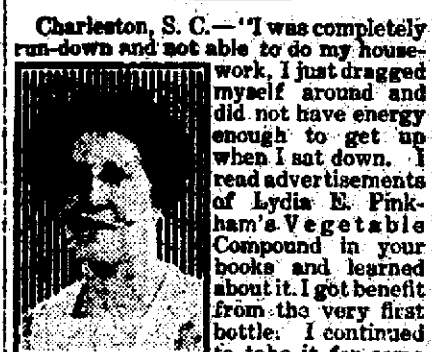

Not only will the President receive from Butler a report on the convention, but tentative plans will be gone over for the campaign.

MRS. YOUNG ENTHUSIASTIC

Cannot Praise Lydia E. Pinkham's Vegetable Compound Enough. Sick Women Read This Letter

Charleston, S. C.—"I was completely run-down and not able to do my housework. I just dragged myself around and did not have energy enough to get up when I sat down. I read advertisements of Lydia E. Pinkham's Vegetable Compound in your books and learned about it. I got benefit from the very first bottle. I continued to take it for some time, and now I am doing all my own work, even washing and ironing, and never felt better in my life. I tell all my friends that the change in my health is due to but one thing and that is Lydia E. Pinkham's Vegetable Compound. I cannot praise it enough."—Mrs. ANNA YOUNG, 16 Amherst St., Charleston, S. C.

The reason for such a letter from Mrs. Young is apparent. She got well and is grateful. Recently a nation-wide canvass of women purchasers of Lydia E. Pinkham's Vegetable Compound was made, and 98 out of 100 reported that they received benefit from taking it.

Just because the Vegetable Compound has been helping other women is a good reason why it should help you. For sale by druggists everywhere.

FIVE DEATHS TOLL OF FREAK STORMS

Chicago, June 21.—Five deaths and property loss totalling more than \$1,000,000 today were toll of the freak storms which quenched the sizzling heat-wave.

The storms which focused in the Great Lakes region resulted from the meeting of two climatic extremes, an unusually severe hot wave from the southwest and an unusually cold wave from the northwest.

Texas, Oklahoma and other southwestern states had sweltered under 80 to 110 degrees for a week, at the same time, low temperatures ruled in Iowa, Nebraska, Minn., Wisconsin, Michigan, Indiana and Ohio.

Two lost their lives in a tornado which struck near Dickinson, North Dakota, when the extremes met. Telephone and telegraph lines were blown down and heavy property damage was claimed by the storm.

Another storm swept Winnebago and Ogle counties, Illinois. There was

This Country Drinks More Milk As the Value of Milk Becomes Known

Investigations just completed and the results published show that during the year 1923 the consumption of milk per capita in this country increased four gallons. During 1922 each and every person drank on an average of fifty gallons of milk. During 1923 this was increased to fifty-four gallons.

What is the result? We are showing thru the same research bodies that the lives of children are being saved; that the lives of adults are being prolonged and freed from many forms of disease; that the so-called "white plague" is being conquered.

What milk has done as a corrective food, it will do as a preventative food. Copious amount of milk in any person's diet will build up a resistance to disease that no other common food will do.

Drink more milk—drink it with your meals, drink it between meals.

Lesson for June 22

REVIVAL UNDER EZRA AND NEHEMIAH

LESSON TEXT—Neh. 1:1-11; 2:1-18; 3:1-32.
GOLDEN TEXT—"Return unto me, and I will return unto you, saith the Lord of hosts."—Mal. 3:7.
PRIMARY TOPIC—Learning From God's Word.
INTERMEDIATE AND SENIOR TOPIC—The Value of Bible Study.
YOUNG PEOPLE AND ADULT TOPIC—The Bible in the Life of a Nation.

The lesson committee has designated this as a revival, but it was more than a revival. It was a revival. It requires the quickening of God's spirit to quicken men, especially a whole nation, to turn to God from their sins. This is a fine illustration of the right place of God's word in the life of a nation.

I. The Word of God Being Read (Neh. 8:1-3).

1. The Eager Assembly (v. 1). The people gathered themselves together and spoke unto Ezra to bring the book of the law. The people with yearning hearts requested the reading of God's Word.

2. A Representative Assembly (v. 2). It was made up of men, women and children. The men did not leave the spiritual affairs to the women, neither were the children left at home. So eager were they to know God's Word that they did not get tired, although the lessons lasted for five or six hours. Their ears were attentive from morning until midday.

II. The People's Attitude Toward God's Word (Neh. 8:3-4).

1. Reverence Shown God's Word (vv. 4, 5). When Ezra opened the Law, all the people stood up out of respect for God's Word.

2. They Joined Heartily in the Prayer. As Ezra led them in prayer they joined heartily in saying, "Amen, Amen," bowing their faces to the ground.

III. God's Word Being Interpreted (Neh. 8:7, 8).

The attitude of the people toward God's Word largely depends upon the minister.

1. He Stood Up Where the People Could See Him (v. 5).

2. He Read Distinctly (v. 8). Much Bible reading is greatly to the discredit of the Word and the reader.

3. Caused the People to Understand the Reading (v. 8). The supreme business of the minister and teacher is to make the Word of God so plain that all—old and young—can understand.

IV. The Effect of Applying God's Word to National Life (Neh. 8:9-13).

1. Conviction of Sin (v. 9). The Word of God is quick and powerful Heb. 4:12. It brings conviction of sin (Acts 2:37). One method of convicting men of sin is to have His Word applied by the Holy Ghost.

2. Weeping Turned Into Joy (vv. 10-12). When sins have been perceived and confessed God would not have His children to be sad. Continued mourning will not atone for the sins that are past. It merits one for present tasks and dishonors a pardoning God.

3. They Shared Their Blessings With Others (vv. 10-12). True joy manifests itself in giving to others.

4. The People Obeyed (vv. 13-15). In their acquaintance with the Scriptures they found that the Feast of the Tabernacles had been long neglected. They went to work and kept this sacred feast in a way that it had not been kept since the days of Joshua (v. 17).

5. Separation From the Ungodly (Neh. 13:1-3). As soon as they had heard the Word of God, they separated themselves from the mixed multitude.

6. The House of Worship Was Cleaned and Order Restored (Neh. 13:4-14). No nation can be strong which neglects its worship of the true God.

7. Restoration of the Sabbath (Neh. 13:15-22). Israel had long violated the Sabbath. Unnumbered evils follow in the wake of Sabbath desecration. To ignore the essential law of the Sabbath is national suicide.

8. Restoration of God's Law of Marriage (Neh. 13:23-31). When those who had intermarried with the heathen were brought face to face with their sin, they separated themselves from their ungodly companions, because they could not have God's favor while living in disobedience to His Word.

PENSIONS FOR WORKLESS DON'T WORK

Unemployment pensions, or "doles" as the British call them, look reasonable in theory. An industrial society that often, through its own awkwardness of operation, throws thousands of people out of employment and renders them penniless through no fault of their own, certainly owes them relief. They serve the industrial society as a whole; society should carry them over somehow until the economic tangle is straightened out. If for no other reason, human workers should be fed and housed when there is no work for them, as horses are.

Yet in practice the plan is found full of evil. England's great experiment has cost her more than a billion dollars since the armistice, and is now costing her a million a day. And that is said to be the least cost. The trouble is that the unemployment pension pauperizes so many pensioners. Thousands of workers seem content with merely enough to subsist on, and do not see why they should work at all when they can live without working. At the present time there is said to be a considerable demand for workers, and little response. The drain of "doles" continues and grows, and statesmen as well as taxpayers are worried.

Here is a serious problem, which sooner or later every industrial nation will have to face. Unemployment pensions are often agitated in America. What shall be done about it? Evidently some way will have to be found to distinguish the sheep from the goats—the self-respecting victims of enforced idleness from the shiftless hangers-on.

Perhaps the final solution will be to provide public work at moderate but sustaining wages, in times of depression, instead of pensioning them, and refuse aid to able-bodied workers who will not work.

ODDS AND ENDS AND THINGS

By J. D. C.

Enough ribbons are made daily in the United States to encircle the globe 20 times with some to spare, according to the National Foreign Trade Council. Many materials go into ribbons besides silk, cotton and wool. Horsehair, wood pulp, rubber and vegetable fibers are used in many ribbons, not to mention gold, silver and magnesium threads, which are woven into some.

Does it pay to advertise in The Progress? We'll say "she do." So will the clerical force at County Treasurer Rumberger's office. Thursday evening we gave a little publicity to the state officer in this section all week rounding up dog owners who had failed to get their poor dog a license tag. The article stated that a round-up of all delinquent dog owners in Clearfield would be made Saturday morning. They read the Progress by heck. You should have seen the line-up at the County Treasurer's office Friday morning. They began to arrive at 7 o'clock and when the office opened around 8 a. m., the hall was filled with men, women and boys all demanding that they be allowed to purchase a tag for Fido and by so doing save the \$8.50 fine and costs and incidentally poor Fido's life. The records show a total issue of 210 dog licenses for the day, and the last day for getting a dog license for 1924 was Jan. 15th.

District Delegate John F. Short and at least two dozen of the "untermen" will be Clearfield's contribution to the national convention at New York which opens Tuesday.

Progress Editorials for Women

LOVE AND WORK

By FLORENCE DAVIES.

Trick definitions of the things that count most in life are seldom satisfactory.

Almost always they sacrifice the whole truth of brevity.

But just the same, every attempt to simplify and clarify our ideas about the business of living has its certain value. Each time we try to reduce our problems to the simplest possible terms, we do gain a little in clear thinking.

Mary Alden Hopkins, in a current magazine, gives us just two important things to think about—love and work.

"The two fundamentals of healthy living are the preservation of life and the preservation of the race," she says, "work and love-making."

She proves her point in a way, too, for she tells the story of numerous foreign peasants who come to our shores and defy a good many of the accepted rules of conduct, but who, in spite of everything, prosper.

When a New England farmer yields to lax ways and indulges too freely in drink, the farm shows it. The roof gets leaky and the fences sag.

Not so with the Slavic farmer. Even if he permits himself the indiscretion of getting drunk, his work never suffers.

"The peasant," this writer says, "does not sin against work."

How many of us are there who have

that enviable spirit—that we do not sin against work?

Almost always when you hear some one envying another his success and declaring that it is only chance which has brought one good fortune and the other meager rewards, you will find that there is a record of solid, ceaseless work back of the man who has finally conquered.

I know a woman who writes not so much better than the rest of us, who speaks in public very well, but not a great deal better than a half dozen women that either you or I could name, who helps to edit a magazine without knowing vastly more than a dozen small town women's page editors, but who counts her income in the tens of thousands.

And I know a dozen women who are inclined to question this woman's success, and to grudge her a little of it, thinking that they, too, could have done as much. But the part of the story that has been left out is that this woman works, works, works, all the time.

She writes on Pullmans and in hotels, uses a stray hour here and an afternoon there to add a chapter to her next book, sits up far into the night, editing copy, or composing a book or getting an address ready for her next lecture tour.

She does not sin against work. And with not a great deal more talent than hundreds of others she reaps a reward that hundreds envy.

Success isn't all luck, nor is it all genius. A lot of it, a very great deal of it, is work.

BROWNSVILLE HAS DISASTROUS BLAZE

Brownsville, Pa., June 21 (INS.)—Fire caused by an explosion in a small residence in South Brownsville today spread to other buildings destroying seven residences and four business houses with a total loss estimated at \$110,000.

Nearly residents said they had heard the screams of a woman just

before the blast, but police were unable to find any trace of her in the ruins. The blaze was believed to have been incendiary and evidence was found to indicate that a fire bomb had been set off in the house where the fire started. The family in this house had been away for three days.

School Children's Coloring Contest--224 Prizes

\$170 in Cash 160 Theatre Tickets--10 Each Week

IT IS EASY TO WIN--THERE ARE 14 PRIZES EACH WEEK

Little Artists, here is a page that will interest you. It offers an opportunity to show your ability and to use your artistic "knack" to win prizes. It's lots of fun, and there is money in it, besides.

Color the Advertisements on This Page the Way They Ought to Be

Prizes will be awarded each week to those who reproduce the colors of all the original labels, packages, trade-marks or designs on this page most carefully, faithfully and neatly. The designs which are black and white reproductions of original labels, packages, trade-marks and designs, are to be colored in the most artistic manner and judging will be done on this basis, together with the neatness of the work. The coloring may be done either in water colors or crayons. This contest is open to school children everywhere. PRIZES WILL BE AWARDED EACH WEEK AS FOLLOWS:

FIRST PRIZE, \$5.00; SECOND PRIZE, \$3.00; THIRD PRIZE, \$1.00; FOURTH PRIZE, \$1.00. The next ten in order of merit will receive a ticket to the Liberty theatre for Saturday afternoon. This contest will run for 10 weeks. At the close an additional prize of \$10.00 will be awarded the child turning in the best page during this period.

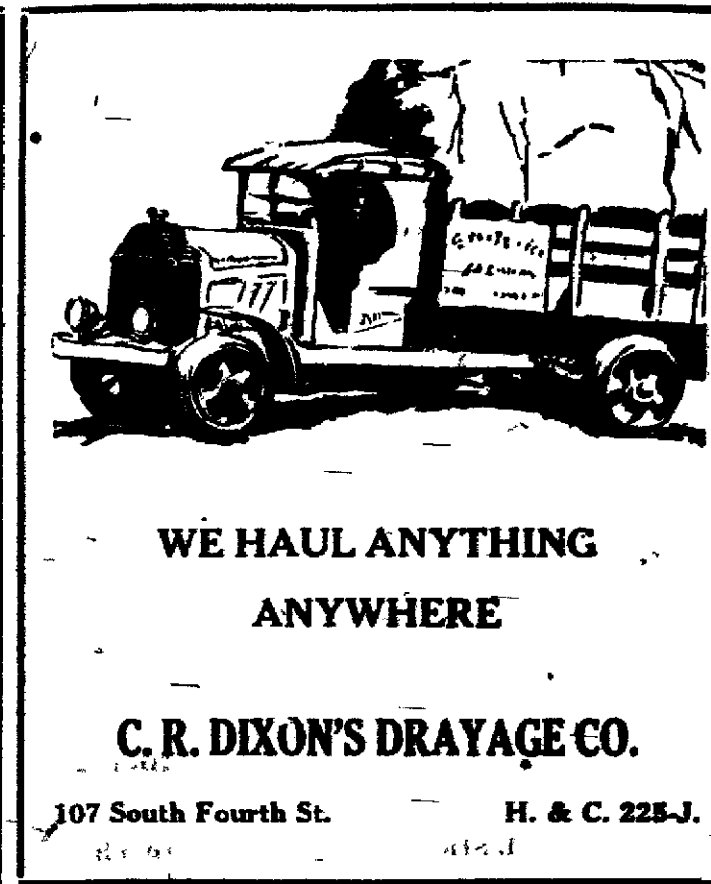

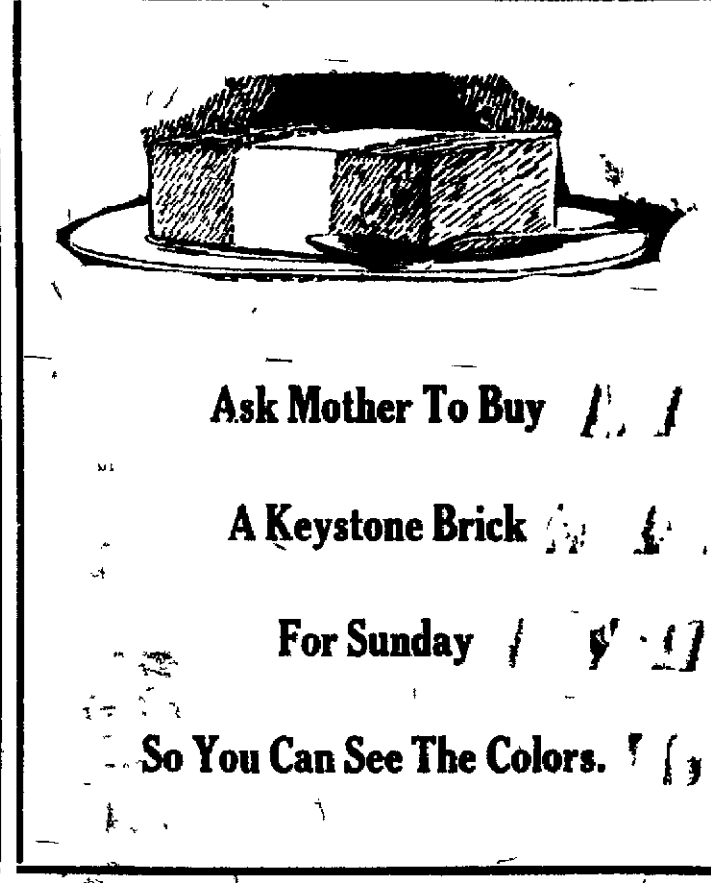

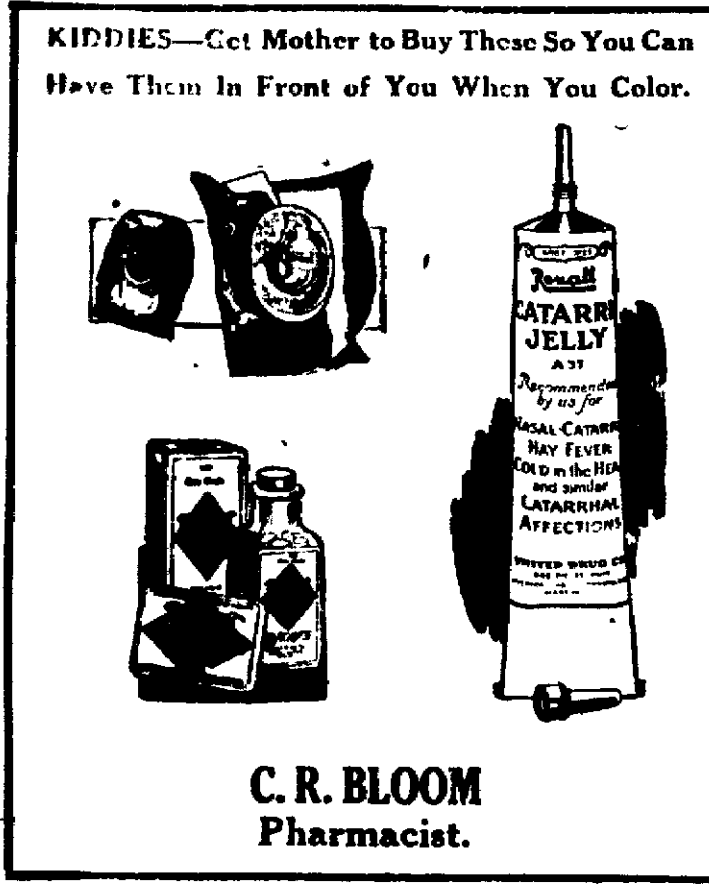

IMPORTANT! All designs on this page must be colored and the entire page sent in. Where original labels and

trade marks appear, prizes will be awarded for the efforts that are nearest like the originals.

All the merchandise bearing labels and trade-marks appearing on this page can be purchased in the stores you patronize. They are all high-class products in daily use in all families. You are familiar with most of them; if there are any you cannot color from memory, procure one of the packages and enter the contest. After you have colored the entire page, mail it to the "School Children's Contest," Clearfield Progress. All efforts must be in the Progress office on or before 6 p. m. the first Tuesday after the page is published. The week's prize winners will be announced the following Friday.

ASK YOUR PARENTS AND OLDER BROTHERS AND SISTERS TO HELP YOU. START TODAY. You can have a jolly good time at it, improve your drawing ability and surely win one of the 224 prizes to be given for the work.

Tom Sims Says

When a man is in a hurry to get to a place, he should take the shortest route. He should not take the longest route. He should not take the roundabout route. He should take the direct route.

Macweharts Deny Accepting Wage Cut

Madisonville, Ky., June 19.—Striking miners of the St. Bernard Coal Company at Earlington, acting thru a committee, signed an agreement with company officials accepting a 20 per cent wage reduction late yesterday.

The agreement, covering one year, was signed in conference with President Frank D. Raab, of the St. Bernard company, after the miners adopted a resolution withdrawing from the United Mine Workers of America. Formation of an employees' mutual benefit association also was authorized at the mass meeting. About 2,000 men are affected.

Central City, Ky., June 19.—Reports from Madisonville and Earlington that union miners of the district signed an agreement to return to work at a 20 per cent wage reduction are without foundation, Lonnie Jackson, president of district No. 23, United Mine Workers, declared today.

WOMAN BRUTALLY INJURED

Pennsylvania, June 21.—Mrs. Foster Lightcap, of Madisonville, received a frightful injury on the right arm on Monday when she was struck by a flying piece of a dynamite stump. Johnson, Drake and Fryer who have the contract for building the Indiana Home section of Route 66, are putting in a big supply line on land just below the Lightcap home, and were blasting a stump in the way of the siding being put in. Mrs. Lightcap was on her way from the house to the barn when the charge of dynamite exploded, and a 12 pound piece of the stump which was thrown high in the air struck her on the right arm, its descent, tearing a terrible gash that took 21 stitches to close up. Dr. G. M. Smith, of Plumville, dressed the injury, but it was feared the ragged tear with dirt from the missile may cause trouble in healing. Warning was not given until after the fuse had been lighted, and Mrs. Lightcap did not have time to reach cover.

Philadelphia—Petitions asking the dismantling of thirteen breweries in this vicinity will be heard by Judge Dickinson in the United States District court here next week.

AGED WOMAN DIES

Mrs. Little Hagaman died Thursday, June 19, 1924, at the home of her nephew, H. C. McIlvaine, aged 88 years, 10 months and 27 days. She was a member of the Methodist Church since eleven years of age. A short service was held at the McIlvaine home on Friday morning by Rev. Houser. The body was shipped to Yorkville, Ill., for burial, accompanied by her nephew, H. C. McIlvaine. The funeral service will be held Sunday afternoon in the Methodist Church, where she was a member for many years.

Revolutionary Results Told By Walter P. Chrysler

Revolutionary riding and driving results have come rapidly during the past year in the development of both the Chrysler and the Maxwell.

They are the fruit of an experience which bridges 20 years and the manufacture of some 2,000,000 cars.

During recent months, with participation of the Chrysler engineering staff, this experience has culminated sharply in refinements of the most important character, which set the good Maxwell above and beyond four-cylinder cars as you have always known them.

The great crying demand of the motoring public today is for removal of vibration and consequently greater ease of riding and driving.

And the good Maxwell now answers that demand in a way no four-cylinder car has ever done before.

Owners are now averaging 18,000 miles and more to a set of tires; better than 22 miles per gallon; grinding valves, setting up tappets and removing carbon only at long intervals; main bearings rarely if ever replaced.

Our assurance—my personal assurance, without reservation—is that the good Maxwell is the car to satisfy you on all counts; and that it will satisfy you if you give it the chance.
